

## PROTOCOL

### on the convergence criteria referred to in Article 109j of the Treaty establishing the European Community

THE HIGH CONTRACTING PARTIES,

DESIRING to lay down the details of the convergence criteria which shall guide the Community in taking decisions on the passage to the third stage of economic and monetary union, referred to in Article 109j(1) of this Treaty,

HAVE AGREED upon the following provisions, which shall be annexed to the Treaty establishing the European Community:

#### *Article 1*

The criterion on price stability referred to in the first indent of Article 109j(1) of this Treaty shall mean that a Member State has a price performance that is sustainable and an average rate of inflation, observed over a period of one year before the examination, that does not exceed by more than 1½ percentage points that of, at most, the three best performing Member States in terms of price stability. Inflation shall be measured by means of the consumer price index on a comparable basis, taking into account differences in national definitions.

#### *Article 2*

The criterion on the government budgetary position referred to in the second indent of Article 109j(1) of this Treaty shall mean that at the time of the examination the Member State is not the subject of a Council decision under Article 104c(6) of this Treaty that an excessive deficit exists.

#### *Article 3*

The criterion on participation in the Exchange Rate Mechanism of the European Monetary System referred to in the third indent of Article 109j(1) of this Treaty shall mean that a Member State has respected the normal fluctuation margins provided for by the Exchange Rate Mechanism of the European Monetary System without severe tensions for at least the last two years before the examination. In particular, the Member State shall not have devalued its currency's bilateral central rate against

any other Member State's currency on its own initiative for the same period.

#### *Article 4*

The criterion on the convergence of interest rates referred to in the fourth indent of Article 109j(1) of this Treaty shall mean that, observed over a period of one year before the examination, a Member State has had an average nominal long-term interest rate that does not exceed by more than 2 percentage points that of, at most, the three best performing Member States in terms of price stability. Interest rates shall be measured on the basis of long term government bonds or comparable securities, taking into account differences in national definitions.

#### *Article 5*

The statistical data to be used for the application of this Protocol shall be provided by the Commission.

#### *Article 6*

The Council shall, acting unanimously on a proposal from the Commission and after consulting the European Parliament, the EMI or the ECB as the case may be, and the Committee referred to in Article 109c, adopt appropriate provisions to lay down the details of the convergence criteria referred to in Article 109j of this Treaty, which shall then replace this Protocol.
